GitHub: github.com/Hari-haran-22 Mobile: +91-6382018717

Skills

Languages: C++, JavaScript, C, C#, Java
Frameworks: HTML and CSS, .NET
Tools/Platforms: GCP, Azure, SQL Server Express
Soft Skills: Problem-Solving, Team Player, Project Management, Adaptability

Projects

Resource Allocation Graph Simulator(GitHub) July 2025 – August 2025

- Developed an interactive GUI tool to model process–resource allocation.
- Implemented graph algorithms for cycle detection using NetworkX.
- Enhanced understanding of deadlock detection and OS concepts.
- **Tech**: Python, PyQt5, NetworkX

Fundraiser Planner- Website with integrated Gemini chatbot (GitHub) March 2025 – April 2025

- Built a fundraising management platform integrated with an AI chatbot for planning,
- communication, and data insights. Designed the frontend using Tkinter/React and backend
- with Flask/Django, while connecting to the Gemini API for intelligent responses.
- Implemented multi-turn conversations, real-time suggestions, and secure API handling.
- **Tech**: Python, Tkinter/React, Flask/Django, Gemini API

SecureShare .NET - Encrypted, Self-Destructing File Sharing System (GitHub) February 2026 – March 2026

- Built a zero-persistence web app for secure, ephemeral file transfer.
- Designed backend with Clean Architecture and Entity Framework Core for modularity and scalability.
- Implemented AES-256 stream encryption, GUID-based routing to prevent IDOR attacks, and a self-destruct protocol based on expiration timestamps or download thresholds.**Tech**: .NET 9, ASP.NET Core Web API, C# 13, Entity Framework Core, Microsoft SQL Server Express

Training

Splen Technologies & Education Pvt. Ltd (Certificate) June 2025 – July 2025
DSA with C++

- Gained hands-on experience in implementing data structures (arrays, linked lists, stacks, queues, trees, graphs) and algorithms (sorting, searching, recursion, dynamic programming).
- Improved problem-solving skills through competitive programming-style exercises.
- Built optimized C++ programs applying concepts like time and space complexity analysis.

Certificates

- Microsoft Azure Security Engineer Associate (Az-500) (Coursera)(Certificate) September 2025
- Computer Communications (Coursera) (Certificate) December 2024

Achievements

- **Community Development Project in World Wide Fund**: June 2024
  Spearheaded a wildlife awareness initiative for school children as a volunteer with the World Wide Fund for Nature (WWF).

Education

- **Lovely Professional University** Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 7.69*** *Since August 2023*
  Vedic Vidyashram Senior Secondary School Tirunelveli, Tamil Nadu
- *Senior Secondary;* ***Percentage: 75%*** *April 2021 - March 2023*
  Vedic Vidyashram Senior Secondary School Tirunelveli, Tamil Nadu
- *Secondary;* ***Percentage: 91%*** *April 2019 - March 2021*
